Quality

Achieve the same elegance and durability of natural stone at a fraction of the cost.

Strength

Our specialized products surpass other decking materials, because we use the best 100% acrylic resins available.

Beauty

Create a rich environment with an array of colors and textures.

Versatility

Preferred Deck products are perfect for almost any application... interior or exterior, residential or commercial.

Easy Maintenance

Our products are stain resistant, so your deck will look great from year to year with very little effort.
