

# Safety Data Sheet [SDS]

# **PATCH KIT**

(Comprised of Aggregate and Additive)

## AGGREGATE (powder material in Patch Kit)

NOTE: ADDITIVE (liquid polymer in Patch Kit) to follow

## **SECTION 1: Identification**

Material Name: Recommended use: Restrictions on use: Manufacturer Information: Aggregate Cement, Portland, Chemicals Not known Preferred Deck Systems LLC 7534 W Madison St Tolleson AZ 85353

 Contact Person:
 EH&S Department

 Telephone:
 216-531-9222

 Emergency Telephone Number:
 1-800-424-9300 (US); 1-613-996-6666 (Canada)

#### **SECTION 2: Hazard(s) Identification**

#### **Hazard Classification**

Health Hazards

ficattii fiazarus	
Skin Corrosion/Irritation	Category 2
Serious Eye Damage/Eye Irritation	Category 1
Skin Sensitizer	Category 1B
Carcinogenicity	Catagory1A
Specific Target Organ Toxicity -	Category 3
Single Exposure	
Unknown Toxicity – Health	
Acute toxicity, oral	99.82%
Acute toxicity, dermal	100%
Acute toxicity, inhalation, vapor	100%
Acute toxicity, inhalation, dust or mist	100%
-	

#### **Unknown Toxicity – Environment**

Acute hazards to the aquatic environment Chronic hazards to the aquatic environment 99.37% 100%

#### Label Elements

#### **Hazard Symbol:**

Signal Word: Hazard Statements: Danger Causes skin irritation Causes serious eye damage May cause an allergic skin reaction

May cause cancer May cause respiratory irritation

#### **Precautionary Statement:**

Prevention:	Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Avoid breathing dust/fumes/gas/mist/vapors/spray. Contaminates work clothing must not be allowed out of the workplace. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Use only outdoors or in a well-ventilated area.
Response:	IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of water. If skin irritation or rash occurs, get medical advice/attention. Immediately call a poison control center/doctor. Specific treatment (see this label.) Wash contaminated clothing before reuse.
Storage:	Store locked up. Store in well-ventilated place. Keep container tightly closed.
Disposal:	Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.

#### Other Hazards Which Do Not Result in GHS Classification: None.

## **SECTION 3:** Composition/ Information on Ingredients

#### Mixtures

Chemical Identity	CAS Number	Content in percent (%)*
Crystalline Silica (Quartz)/Silica Sand	14808-60-7	40-70
Portland Cement	65997-15-1	30-60
Calcium Carbonate (Limestone)	1317-65-3	10-30
Aluminum Oxide	1344-28-1	0.1-1

\* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in % by volume.

#### **SECTION 4:** First Aid Measures

Ingestion:	Rinse mouth.	If you feel unwell	l, call a poison cor	ntrol center/doctor.
------------	--------------	--------------------	----------------------	----------------------

- **Inhalation:** Move to fresh air.
- **Skin Contact:** Immediately flush with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash contaminated clothing before reuse. Get medical attention.
- **Eye Contact:** Immediately flush with plenty of water for at least 15 minutes. If easy to do, remove contact lenses (if present.) Cal a physician or poison control center immediately.

#### Most Important Symptoms/Effects, Acute and Delayed:

**Symptoms:** Prolonged or repeated contact with skin may cause redness, itching, irritation and eczema/chapping. Extreme irritation of eyes and mucous membranes, including burning and tearing. Respiratory tract irritation.

#### Indication of Immediate Medical Attention and Special Treatment is Needed:

Treatment: Symptoms may be delayed.

## **SECTION 5: Fire-Fighting Measures**

General Fire Hazards:	No unusual fire or explosion hazards noted.
Suitable (and Unsuitable) Extinguishing Media:	
Suitable Extinguishing Media:	Use fire-extinguishing media appropriate for surrounding materials.
Unsuitable Extinguishing Media:	Do not use water jet as an extinguisher, as this will spread the fire.
Specific Hazards Arising From the Chemical:	During fire, gases hazardous to health may be formed.
Des forme d D a sta Constance	$CDC  \mathbf{D}_{\mathbf{A}} = \mathbf{D}_{\mathbf{A}} + \mathbf{D}_{$

Preferred Deck Systems

#### **Special Protective Equipment and Precautions for Firefighters:**

**Special Fire Fighting Procedures: Special Protective Equipment for Firefighters:**  No data available. Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

## **SECTION 6: Accidental Release Measures**

Personal Precautions, Protective Equipment and Emergency Procedures:	See Section 8 of the SDS for Personal Protective Equipment. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep unauthorized personnel away.	
Methods and Material for Containment and Cleaning Up:	Collect spillage in containers, seal securely and deliver for disposal according to local regulations.	
Notification Procedures:	In the event of a spill or accidental release, notify relevant authorities in Accordance with all applicable regulations.	
Environmental Precautions:	Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so.	
SECTION 7. Handling and Starage		

#### **SECTION 7: Handling and Storage**

Precautions for safe handling:

Do not handle until all safety precautions have been read and understood. Obtain special instructions before use. Use personal protective equipment as required. Do not get in eyes. Wash hands thoroughly after handling. Avoid contact with skin. Ventilate well, avoid breathing vapors. Use approved respirator if air contamination is above accepted level. Use mechanical ventilation in case of handling which causes formation of dust.

Conditions for Safe Storage, Including Any Incompatibilities: Store locked up.

### **SECTION 8: Exposure Controls and Personal Protection**

## Control Parameters:

Occupational Exposure Limits:	r		
Chemical Identity	Туре	<b>Exposure Limit Value</b>	Source

#### **Appropriate Engineering Controls:**

Mechanical ventilation or local exhaust ventilation may be required. Observe good industrial hygiene practices. Observe occupational exposure limits and minimize the risk of inhalation of dust.

#### Individual Protection Measures, Such as Personal Protective Equipment:

**General Information:** Provide easy access to water supply and eye wash facilities. Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

Eye/Face Protection: Wear a full-face respirator, if needed. Wear safety glasses with side shields (or goggles) and a face shield.

Skin Protection: Hand Protection: Other:	Use suitable protective gloves if risk of skin contact. Wear chemical-resistant gloves, footwear, and protective clothing appropriate for the risk of exposure. Contact health and safety professional or manufacturer for specific information.
<b>Respiratory Protection:</b>	In case of inadequate ventilation, use suitable respirator. Seek advice from local supervisor.
Hygiene Measures:	Observe good industrial hygiene practices. Wash hands before breaks and immediately after handling the product. Do not get in eyes. Wash contaminated clothing before reuse. Avoid contact with skin.

## **SECTION 9: Physical and Chemical Properties**

	e e e e e e e e e e e e e e e e e e e
Appearance:	
Physical state:	Solid
Form:	Powder
Color:	Cream
Odor:	Odorless
Odor threshold:	No data available
pH:	No data available
Melting point/freezing point:	No data available
Initial boiling point/boiling range:	No data available
Flash point:	No data available
Evaporation rate:	No data available
Flammability (solid, gas):	No
Upper/lower flammability or explosive limits:	
Flammability limit – upper (%):	No data available
Flammability limit – lower (%):	No data available
Explosive limit – upper (%):	No data available
Explosive limit – upper (%):	No data available
Vapor pressure:	No data available
Vapor density:	No data available
Relative density:	3.1
Solubility(ies):	
Solubility in water:	Miscible with water
Solubility (other):	No data available
Particle coefficient (n-octanol/water):	No data available
Auto-ignition temperature:	No data available
Decomposition temperature:	No data available
Viscosity:	No data available

## **SECTION 10: Stability and Reactivity**

Reactivity:	No data available
Chemical Stability:	Material is stable under normal conditions.
<b>Possibility of Hazardous Reactions:</b>	No data available
Conditions to Avoid:	Avoid heat or contamination.
Incompatible Materials:	No data available
Hazardous Decomposition Products:	Thermal decomposition or combustion may liberate carbon oxides and other toxic gases
	or vapors.

## **SECTION 11: Toxicological Information**

#### Information on Likely Routes of Exposure:

Ingestion:	May be ingested by accident. Ingestion may cause irritation and malaise.
Inhalation:	In high concentrations, vapors, fumes or mists may irritate nose, throat and mucous membranes.
Skin Contact:	Causes skin irritation.
Eye Contact:	Causes serious eye damage.

#### Information on Toxicological Effects:

Acute Toxicity (list all possible routes of exposure): Oral Product: No data available

Preferred Deck Systems

Dermal Product:	
	No data available
Inhalation Product:	No data available
Specified Substance(s):

#### **SECTION 16: Other Information, Including Date of Preparation or Last Revision**

<b>Revision Date:</b>	9/18/2015
Version #:	1.0
<b>Further Information:</b>	No data available
Disclaimer:	For Industrial Use Only. Use at Own Risk. Keep out of Reach of Children. The hazard information herein is offered solely for the consideration of the user, subject to their own investigation of compliance with applicable regulations, including the safe use of the product under every foreseeable condition.

# Safety Data Sheet [SDS]

Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

## ADDITIVE

(the liquid polymer in the Patch Kit)

## 1. Substance/ Preparation and Company Identification

Name of the Product:	Acrylic Additive
Other Means of Identification:	Low viscosity fluid
Recommended Use:	Additive (polymer) for Patch Kit
Supplier Information: Company:	Preferred Deck Systems LLC 7534 W. Madison St. Tolleson, AZ 85353
Company Phone Number:	623.474.2210
Fax:	623.474.2251
Emergency Phone Number:	888.440.3320

## 2. Hazards Identification

GHS Classifications				
Hazard	Category	Signal Word	Hazard statement	Symbol
Physical Hazards	None, not flammable	None	None	None
Health Hazards Acute Toxicity	5	Warning	H303, may be harmful if swallowed	None
Skin Corrosion /Irritation	None	None	None	None
Eye Irritation	None	None	None	None
Aspiration Hazard	None	None	None	None

#### **Emergency Overview:**

Warning! Contains small amounts of petroleum distillates that can cause chemical pneumonia if aspirated into the lungs as a liquid. Reports have associated repeated and prolonged overexposure to solvents with permanent brain and nervous system damage. Eye and skin contact will result in irritation.

Route of Entry: Inhalation: yes. Skin: yes. Ingestion: yes.

Carcinogenicity: NTP: no. IARC: no. OSHA: no.

Reproductive Toxicity: No reproductive toxicants over 1% in formula.

**Specific Target Organ Systemic Toxicity (TOST)**: Single Exposure: Irritating to the skin and eyes and respiratory tract. Prolonged exposure will affect the nervous system, causing nervous system depression.

#### **Effects of Exposure:**

Acute: Eye: H319: Causes serious eye irritation.

**Skin:** Causes Skin Irritation through defatting of skin with repeated contact over time. Reversible adverse effects in dermal tissue within the observation period, usually 14 days.

**Inhalation**: Excessive inhalation of vapors can cause nasal and respiratory irritation, dizziness, weakness, fatigue, nausea and headache. High concentrations may result in narcosis (central nervous system depression). Intentional inhalation in concentrated form (huffing) may lead to brain damage and death.

Ingestion: Can cause gastrointestinal irritation, nausea, vomiting and effects of overexposure.

#### Signs and Symptoms of Overexposure:

**Health Hazard**: Diarrhea. Aspiration of material into lungs can cause chemical pneumonia which can be fatal. **Medical Conditions Aggravated by Exposure**: Asthma, dermatitis.

Preferred Deck Systems

**LABELING:** Product identifier: Acrylic Additive Signal word: Warning Hazard statements: H303, may be harmful if swallowed. Causes Skin and Eye Irritation. Do not breathe vapors or mist. Use only with adequate ventilation. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. FIRST AID EYES: Immediately flush eves with plenty of water for at least 15 minutes. Get medical attention. SKIN: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation develops and persists. COMPANY NAME: Preferred Deck Systems LLC ADDRESS: 7534 W. Madison St. Tolleson, AZ 85353 Phone number<sup>.</sup> 888.440.3320 HAZARDS: (Liquid) Serious skin and eve irritant. **Pictograms on the label:** No Pictograms needed. Hazard Statements H303 May be harmful if swallowed Precautionary Statements

> Avoid breathing dust/fume/gas/mist/vapors/spray IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses. If present and easy to do. Continue rinsing.

## **3. Composition/ Information on Hazardous Ingredients**

Hazardous Ingredients	CAS#	Percent w/w	OSHA PEL
None in the reportable quantity	NA*	NA	NA

\*Note: NE=Not Established. NA=Not Applicable

Note: Further safety information can be found in subsequent sections.

## 4. First Aid Measures

General Information: Discard contaminated clothing immediately.

Eye: Flush with clean, lukewarm water for at least 15 minutes, occasionally lifting eyelids.

Obtain medical attention.

P261

P305 +P351+P338

**Skin:** Remove contaminated clothing. Wash affected skin areas thoroughly with soap and water. Wash contaminated clothing thoroughly before reuse.

**Inhalation**: Remove to fresh air. Apply artificial respiration/administer oxygen if necessary. Call physician immediately. If person is unconscious, transport affected person in reclined position.

**Ingestion:** Keep person warm and quiet. Get immediate medical attention. Do not induce vomiting because of risk of aspiration of material into lungs. Drink several glasses of water to dilute the product in the stomach.

## 5. Fire Fighting Measures

Flammability Summary (OSHA): Not Flammable

Flash Point Method: Setaflash

Flash Point: Greater than 200F (93C) (Setaflash).

Upper Flammable/Explosive Limit, % in air: Not Found

Lower Flammable/Explosive Limit, % in air: Not Found

When dry the product can be made to burn:

Upper Flammable /explosive limit, % in air: NA

Lower Flammable / explosive limit, % in air: NA

Unusual Fire/Explosion Hazards: Keep containers tightly closed. Isolate from heat, electrical equipment, sparks and open flame. Closed containers may explode when exposed to fire due to pressure buildup.

Extinguishing Media: Use water fog, foam, carbon dioxide or chemical fire fighting apparatus.

**Fire Fighting Instructions:** Wear NIOSH/MSHA approved SCBA and full protective equipment. Do not use full pressure water jet. Water spray may be used for cooling containers to prevent possible pressure build up and auto ignition/explosion when exposed. Guard against toxic gasses released by fire. If safe, remove containers from fire zone. Products of Combustion: Carbon Dioxide, Carbon Monoxide, Water Vapor.

## 6. Accidental Release Measures

Slip and fall hazard when the coating is wet. Evacuate the area of all unnecessary personnel. Ventilate area. Equip employees with appropriate protective equipment. Dike around spilled material. Cover spill with inert/absorbent material and shovel into container. Remove containers to safe area and seal. Use sand or absorbent to collect material and to prevent flow into storm water or ground. Waste Disposal Methods: Waste material must be disposed of in accordance with federal, state and local environmental regulatory controls.

## 7. Handling and Storage

Handling: Use drum trucks and pallet jacks to move drums and cans.

Drums: Protect against physical damage.

Bulk: Storage should be in standard lidded storage tanks.

Other Precautions: Clean up spills quickly to prevent slipping on the wet surface.

## 8. Exposure Controls and Personal Protection

#### **Respiratory Protection:**

Use NIOSH/MSHA approved self-contained breathing apparatus where vapor concentration may be above TLV limits. Below TLV limits use NIOSH/MSHA approved vapor respirator or an airline respirator with escape bottle provisions.

#### Ventilation:

Local exhaust must be sufficient to keep airborne vapor concentrations below TLV limit. Exhaust air may need to be cleaned by scrubbers.

Protective Gloves: Chemical resistant gloves.

Eye Protection: Chemical workers' goggles.

#### **Other Protective Equipment:**

**Eye bath and safety shower. To** prevent repeated or prolonged skin contact wear impervious clothing and boots. **Work Hygiene Practices**: Wash hands and clothing after exposure.

**Supplemental Safety and Health:** First aid procedures: Vomit can cause chemical pneumonia which can be fatal. **Ventilation:** Filters to reduce environmental contamination.

**Effects of overexposure:** Irritating to respiratory system. Mild, reversible liver effects, liver abnormalities. **Exposure Limits:** 

Hazardous Ingredients	CAS#	Percent	OSHA PEL
		w/w	
None above the reporting level	NA*	NA	NA

\*NE=Not Established. NA=Not Applicable

## 9. Physical and Chemical Properties

Physical State: Liquid
Color: Characteristic
Odor: Slight
Odor Threshold: Not available.
pH Value: Not available
Melting point: Not available
Evaporation rate: Slower than ether
Freezing point: Not available.
Initial boiling point: 100C (212F)
Auto ignition Temperature: Not available.
Bulk Density: Approximately 8.51 pounds per gallon.

Preferred Deck Systems

## 10. Stability and Reactivity

Stability and Reactivity Summary: Stable under normal conditions Reactive Properties: Strong acids and bases will attack the polymer. Sensitivity to mechanical shock: None Hazardous Polymerization: Will not occur Conditions to Avoid: Do not heat closed containers Chemical Incompatibility: Strong oxidizing agents Hazardous Decomposition Products: CO, CO2

## 11. Toxicological Information

Hazardous Ingredients	CAS#	Percent w/w	LD50 oral, rat, mg/kg
None above the reporting level	NA*	NA	NA

\*NF=Not Found. NA=Not Applicable

## 12. Ecological Information

**Environmental Toxicity:** Some parts are not persistent in the environment. Ecotoxicity Classification criteria is between 1 and 100 for some of the ingredients. Most ingredients are carbon based and are eventually degraded by bacteria when placed in water or soil. Pigments do not travel through soil well. Some parts are hazardous to the aquatic environment, acute and long term.

## 13. Disposal Considerations

Care must be taken to avoid environmental contamination from the use of this material. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws. **Waste Disposal Summary:** Dispose as a hazardous chemical.

**Disposal Methods:** Dispose of in accordance with local, state and federal regulations. Incineration is preferred.

## 14. Transport Information

US Ground (DOT):	Not regulated for transportation.
Canada (TDG):	Not regulated for transportation.
IMO:	Not regulated for transportation.
IATA/ICAO:	Not regulated for transportation.

## 15. Regulatory Information

UNITED STATES:

**Toxic Substances Control Act (TSCA):** The components of this product are listed on the TSCA Inventory of Existing Chemical Substances.

Superfund Amendments and Reauthorization Act (SARA) Title III: None present. Sections 311/312 Hazard Categories (40 CFR 370.2):

Immediate/Acute Health Hazard: Yes Delayed/Chronic Health Hazard: Yes Fire Hazard: No Pressure Hazard: No

Reactivity Hazard: No

#### Federal and State Regulations:

California Prop 65: The following chemicals have been determined by the State of California to cause cancer in laboratory animals and are available in trace amounts in this product: None CERCLA Reportable Quantities: None HMIS (U.S.A.): Health Hazard: 1 Fire Hazard: 0 Reactivity: 0 Personal Protection: A National Fire Protection Association (U.S.A.): Health: 1 Flammability: 0 Reactivity: 0

## 16. Other Information

This information should be provided to all who will use, handle, store, transport or otherwise be exposed to this product. While the descriptions, designs, data and information contained herein are presented in good faith and believed to be accurate, it is provided for your guidance only. Because many factors may affect processing or application/use, we recommend that you make tests to determine the suitability of a product for your particular purpose prior to its use. No warranties of any kind neither express nor implied, including warranties of merchantability or fitness for a particular purpose are made regarding products described or designs, data or information set forth, or that the products, designs, data or information may be used without infringing the intellectual property rights of others. In no case shall the descriptions, information, data or designs provided be considered part of our terms and conditions of sale. Further, you expressly understand and agree that the descriptions, information, data and designs furnished by Preferred Deck Systems hereunder are given gratis and Preferred Deck Systems assumes no obligation or liability for the description, information, data and designs given or results obtained, all such being given and accepted at your risk. We believe this information to be reliable and up to date as of its publication date, but make no warranty that it is. If this SDS is more than one year old you should contact Preferred Deck Systems to make sure the information is still current.
